DECLARATION OF STORM WATER SYSTEM MAINTENANCE COVENANTS SUBMITTAL INSTRUCTIONS

Pursuant to the Douglas County Regional Shoreline Master Program Section 4.2 Water Quality, new development within shoreline jurisdiction that will result in 10% or greater impervious surface coverage shall provide stormwater management facilities designed, constructed and maintained in accordance with the Best Management Practices (BMP's) identified in the Storm Water Management Manual for Eastern Washington, as amended.

Please follow these steps:

1. Contact a qualified engineer certified in the State of Washington to review your development and to develop a Shoreline Storm Water Report on your behalf.
2. Obtain the *Declaration of Storm Water System Maintenance Covenants* form from the Douglas County TLS office.
3. Sign and notarize the form and submit to the Douglas County Auditor's Office, along with the Shoreline Storm Water Report, for recording. Ensure the Auditor's File Number (AFN) is written on the form before leaving their office. For questions about recording documents, contact the Auditor's Office at (509) 745-8527.
4. Email or call Land Services with the Auditor's File Number (AFN) for sign-off of the stormwater requirement on your permit: stincher@co.douglas.wa.us ; (509)884-7173
Please reference your building permit number when you email or call

Please contact Land Services with any questions about this requirement: (509) 884-7173.
